PREFACE

This collection was formed by the late William Sleicher, who was the proprietor of a large iron works at Troy, N. Y., and who died on the 30th of April, 1919.

Mr. Sleicher attended many of the important coin sales during the past few years and bought many of his finest pieces at the sale of the late Peter Mougey, held in 1910, by Mr. Elder and at my sale of the Lyman Collection in 1913.

The Collection contains a nearly complete series of the United States gold coins of all the mints with the exception of some of the greatest rarities. Where common dates or mint-marks are missing, I have omitted them as not being in fine enough preservation or exceedingly common.

I have described all the types and when pieces were not coined in a year or are lacking in the Collection, I have mentioned it so that this catalog may form a complete description of the United States Coinage.

The Collection also contains a few ancient and foreign gold, silver and copper coins, and some Paper Money and Fractional Currency.

I guarantee all the coins genuine, original or restrike, as described, and this guaranty will continue indefinitely.

I have arranged six plates, showing many of the principal coins, plate I of Eagles, plate II Half and Quarter Eagles, plate III Silver Dollars, Half Dollars, 1796 Quarter Dollars, Dimes and Half Dimes, plates IV, V and VI Cents. Price of plate catalog $1.50 before sale, and if returned after the sale, will be hand-priced for $1. additional. Priced catalog, postpaid, $1.

I will faithfully execute orders for a commission of 5%. As is customary, the right to execute such orders is reserved.

Very respectfully,

S. H. CHAPMAN,

Numismatist.
